

Dear Skat Community,

The 22nd Open Skat World Championship in Edmonton from August 12-21, 2022, is a GO!

Your club presidents received a letter from Ron, our President for ISPA Canada on February 2 regarding the decision that ISPA World made in a ISPA World meeting this year. The result of the meeting in combination with the hard work of the committee, securing the pricing conditions that were negotiated in 2020, is that we are indeed playing the 22. World Championship this year! With the previous travel restrictions, a result of the worldwide pandemic, now lifted, the complexities to travel have by in large been removed.

Please note that the registration for the World Championship Skat 2022 has been re-opened as of June 14, registrations will continue to be accepted.

If you have any questions or for late registrations, please contact Rosita@rodehueser.eu.

The Chateau Lacombe Hotel is the venue, located downtown Edmonton, close to the North Saskatchewan River Valley. As a slick high-rise hotel, it offers spectacular panoramic views of the river valley, especially when visiting its rooftop revolving restaurant, the only of its kind in Edmonton.

After more than two years of isolation, we are now again able to connect in person with our friends in the Skat community, to re-live old memories but more importantly to make new ones. Please join us in doing so!

Gerd Reiner
Editor ISPA Canada
